To Apply:

Applications must be submitted through the online application form at https://beav.es/JPd by 11:45 PM on April 11, 2023 to be considered. Applications should be submitted as a single pdf document. Complete your application pdf before you start the online application form.

Your application must include the following documents:

- Cover letter, no longer than one page. The cover letter should include a description of personal academic and career goals.
- Project description, no longer than two pages concisely proposing the research problem to be investigated: defining objectives, methods and significance of results. Highlight your use of HMSC facilities.
- Resume, no longer than two pages. A CV format will not be accepted. Your service activity for the institution, community, and/or profession should be reflected in your resume.
- Budget, including a one-page narrative.
- Letter of support from a faculty member. The letter should address their support for your project and your ability to complete your project as described in your project description and budget. The letter of support can be included in your application document or emailed directly to Cinamon Moffett at moffettc@oregonstate.edu

Criteria:

- The criteria by which applicants will be evaluated include: scientific merit (creativity, quality of science, and benefits of the research); use of HMSC facilities; academic qualifications and service activity (to institution,

community, profession); soundness of proposed budget; financial need; and adherence to application procedures.
