

PASSPORT to the OCEAN FOR KIDS

To get your Passport “stamped” and receive a prize, visit the Science Zone and the Dock and look for this picture of the octopus along with a question for you to answer.

When you give the correct answer to the scientist at their exhibit, they will stamp your passport. When you have earned at least 11 stamps, you can revisit the Kid’s Zone Information table to select a prize.

Good Luck! You can do it!
