

Safety Committee Minutes from February 4, 2004

Members Present: Lori Parker, Bill Hanshumaker, Rick Brown, Randy Walker, Dave Johnson and Bruce Boese

January 14, 2004 Safety Meeting Minutes were read and approved

ODF&W has transferred \$800.00 to HMSC to pay their share of an AED. HMSC has received a grant for \$1000.00 for the purchase of the AED. The remainder of the cost will be paid for by HMSC. Bill Hanshumaker offered to use Sea Grant funds to purchase pediatric paddles for the AED if they do not cost over \$100.00

Walker told the Security Gate going in by the ODF&W entrance to HMSC would be installed some time in late February or early March. Dave Johnson will run power to the gate and install a pole light. Rick Brown said that we could use a pole light that has been sitting in the attic ARS for years if it will work.

Bill Hanshumaker asked that we not forget about the Wellness rack in the Lounge

Contractors will return to finish up the roof project this spring over the Visitor Center

NOAA Alaska has purchased the paddles for the AED in RSF and hope to have the AED back in service soon.

Bill asked about CPR/Rescue Breathing Classes and Lori Parker said they use Kate Becker from Depot Bay as their trainer. Walker said that when the new AED arrives there will be training opportunities for folks interested in AED, CPR and Rescue Breathing

HMSC will be offering a Saifer Driving class on March 3, 2004 for all who drive state vehicles. ODF&W will host a class in March also

HMSC is going to have a Blood Born Pathogen Class on March 17, 2004 for all who would care to attend

It was decided that March would be a good time to have a HMSC wide Fire Drill

Fire Extinguisher training has been requested again this year and will likely be held in May
