

Safety Committee Meeting Minutes

January 3, 2008

Members Present: Devin Brakob, Randy Walker, Dave Johnson and Patty George

Walker told that Thea Smith from NMFS will be holding the first session for American Red Cross First Aid, CPR and AED training on January 8th, and 10th, in the Library, Barry Fisher Room at 1:00 PM. It is hoped that all agencies at HMSC will train someone to teach this class so that we can continually offer safety training to all personnel, students and volunteers.

Patty George asked what should be done with light bulbs containing metals. Johnson informed that these bulbs should be given to a facilities person and they would put them in the hazardous storage shed for the NOAA buildings.
