Marine & Environmental Studies Program
at the Hatfield Marine Science Center

As a student, getting hands-on, in-the-field experience is a top priority as you complete your degree. This summer you can live and study on the Oregon coast by taking OSU summer courses at the Hatfield Marine Science Center in Newport — giving you the classes you need in an ideal learning environment. Pay in-state tuition, even if you live out of state! **Student Housing Scholarships Available!**

---

Offered between June 20 – August 12

Offered June 20 – July 15

**Summer Session 2:**
