

Safety Meeting Notes from February 10, 2011

Members Present; Dave Jacobson, Janet Webster, Bill Hanshumaker, Kelly Corbett, and Randy walker

C.E.R.T. Bill mentioned that he has approval to attend the upcoming Community Emergency Response Training for Kathryn Hawes, several volunteers and himself. Others mentioned that no one from their department would be attending.

Carol Cole said that she had approval from OSU Environmental Health and Safety for revisions to the lab Safety signs that are placed in front of Labs in OSU buildings. She brought an example and the committee and it was agreed that they would replace the current signs.

Bill told the committee that he had purchased a Hazardous Material Safety Cabinet and has a list of the cabinet's contents, and has placed the MSDS sheets for items stored in the cabinet in the library master MSDS file.

Randy promised to bring a planning guide from OSU Facilities Services to the next meeting to outline first steps.

Questions came up about First-Aid, CPR, and AED training for all agencies at HMSC. Bill said he would call around a bit and see what is available and the cost.

There is interest in having Fire Extinguisher Training this summer.
